4.2 Teaching Expertise: 5 + years in Logistics and Supply Chain Management, Business Management

4.3 Teaching Philosophy

My teaching philosophy is centred on student-centred and outcome-based learning, where theory is closely integrated with real-world application. I aim to create an inclusive and engaging learning environment that encourages critical thinking, collaboration, and practical problem-solving. By using case studies, experiential activities, and industry-relevant examples, I support students in developing both conceptual understanding and employability skills. I am committed to continuous pedagogical improvement, reflective teaching practice, and maintaining academic rigor aligned with international higher education standards.

4.4 Curriculum Development Contributions
